BOOK SYNOPSIS

It is not true there is no common interest in such an organization between governed and governors. The authorities in command must make some appeal to the native activities of the subjects, must call some of their powers into play. Talleyrand said that a government could do everything with bayonets except sit on them. This cynical declaration is at least a recognition that the bond of union is not merely one of coercive force.

DEWEY ON EDUCATION CLASSICS IN EDUCATION SERIES - Are you looking for Ebook Dewey On Education Classics In Education Series ?
