## BOOK SYNOPSIS

Enjoy a quick brew day and make Gose, Smoked Ale, Pennsylvania Swankey, Strawberry-Peppercorn Short Mead, Tart Blackberry Cider, Boozy Kombucha, Kefir Beer, Absinthola, Mauby, Tepache, and more! Homebrew tastes great, its inexpensive to make, and its equally fun to brew old favorites and new recipes. Theres only one thing stopping you from brewing your 1st or 101st batch: time. Whether its your kids, your job, or a million other things, it can be hard to find a free brew day. Then theres the agonizing wait to crack that first cap. But what if you could brew a session IPA in just a few hours? Or if you could brew a sour beer thats ready to drink in weeks instead of months? In Speed Brewing, author Mary Izett shows you how to make it happen. Whether youre a new or experienced brewer, youll find time-saving techniques and recipes that save hours on brew day. Youll also find beers, ciders, and meads that pack big flavors but ferment quickly. Lesser-known fast fermentables--boozy kombucha, kefir beer, spirited sodas, and more--ensure there are plenty of exciting experiments for even the most creative brewer. Whether you decide to brew the Bia Hoi, Smoked Summer Ale, or Strawberry-Peppercorn Short Mead, weeknights will never be the same.
